Selecting Play Equipment and Toys

Moulton Pre-school is committed to safeguarding and promoting the welfare of children, young people and adults at all times and expects everybody working within this setting to share this commitment.

The toys and equipment in pre-school provide opportunities for children, with adult help, to develop new skills and concepts in the course of their play and exploration. The equipment we provide:

- is appropriate for the ages and stages of the children
- offers challenges to developing physical, social, personal and intellectual skills
- features positive images of people, both male and female, from a range of ethnic and cultural groups, with and without disabilities
- includes a range of raw materials which can be used in a variety of ways and encourages an open-ended approach to creativity and problem-solving
- will enable children, with adult support, to develop individual potential and move towards required learning goals
- conforms to all relevant safety regulations and is sound and well made.
